Where Landlord pays a third-party invoice on Tenant's behalf (for example, the master property insurance policy or real property taxes), Tenant shall reimburse Landlord within thirty (30) days of invoice.

2.4 Abatement. During the Abatement Period, Base Rent (only) shall be abated. All Additional Rent, NNN Charges, taxes, insurance, and utilities shall remain payable. If a monetary Default results in termination of this Lease or Tenant's right of possession, the unamortized portion of the abated Base Rent shall, to the extent permitted by law, become immediately due as additional damages.

2.5 Required Payments at Execution. Within five (5) business days after the Effective Date, Tenant shall deliver to Landlord (a) the first monthly installment of Base Rent due after the Abatement Period ($30,375.00); (b) the first monthly installment of Estimated NNN Charges ($10,395.00); (c) the Letter of Credit ($91,125.00) in the form of Exhibit H; and (d) certificates of insurance compliant with Article 11.

2.7 Letter of Credit; Burn-Down. Tenant shall deliver and maintain the Letter of Credit throughout the Term in accordance with Exhibit H. Provided no Default has occurred during the prior twelve (12) months and Tenant's tangible net worth (per audited financials) is not less than $5,000,000, the face amount of the Letter of Credit shall reduce as follows: (i) to $60,750.00 effective on the first anniversary of the Rent Commencement Date; and (ii) to $30,375.00 effective on the third anniversary of the Rent Commencement Date. The Letter of Credit shall not reduce further. Upon Lease expiration and full performance, Landlord shall return the Letter of Credit (or the unapplied balance, if drawn) within thirty (30) days.

ARTICLE 3. NNN CHARGES AND OPERATING EXPENSES

3.1 Taxes. Tenant shall pay all real property taxes and assessments levied against the Property during the Term, prorated for any partial year. Landlord shall direct the taxing authority to send tax bills to Tenant; if Landlord receives them, Landlord shall forward them within ten (10) business days and Tenant shall pay the taxing authority directly before the delinquency date and provide Landlord with paid receipts within thirty (30) days. Tenant may, at its own expense and with Landlord's reasonable cooperation, contest taxes in good faith.

3.2 Insurance. Landlord maintains the property and rental-value insurance policies described in Article 10. Tenant shall reimburse Landlord, as Additional Rent, for the actual premium and commercially reasonable deductibles, payable within thirty (30) days after invoice.

3.3 Utilities. All utilities serving the Property — including electricity, natural gas, water, sewer, stormwater, trash, and telecommunications — are separately metered or directly billable to Tenant. Tenant shall open and maintain accounts with the applicable provider and pay all charges directly. Hookup, impact, and meter-set fees are Tenant's responsibility.

3.4 Maintenance Pass-Through. Landlord shall maintain the items described in Section 15.2 (roof structure and membrane, foundation, exterior load-bearing walls, and structural elements). Tenant shall reimburse Landlord, as Additional Rent, for the cost of such maintenance to the extent attributable to ordinary upkeep and not to repair items that are properly classified as capital under GAAP, subject to Section 3.5.

3.5 Capital Items. Capital improvements pass through to Tenant only if (a) intended to reduce NNN Charges, (b) required to comply with Laws first enacted or applicable to the Property after the Effective Date, or (c) for energy efficiency, in each case amortized over the useful life of the improvement at a commercially reasonable interest rate. Roof membrane replacement, parking-lot resurfacing, and HVAC unit replacements that occur during the Term shall be amortized over their useful lives.

3.6 Excluded Charges. NNN Charges and Additional Rent exclude leasing commissions; marketing costs; principal and interest on Landlord's debt; depreciation; costs reimbursed by insurance proceeds; costs caused by Landlord's gross negligence or willful misconduct; costs to remediate hazardous materials present before the Effective Date and not caused or exacerbated by Tenant; and Landlord's general corporate overhead.

3.7 Reconciliation; Audit. Within one hundred fifty (150) days after the end of each calendar year, Landlord shall deliver a reconciliation of NNN Charges. Underpayments are due within thirty (30) days; overpayments shall be credited or refunded. Tenant may audit Landlord's records by written notice within ninety (90) days after the reconciliation, by a CPA on a non-contingency basis, completed within sixty (60) days. If the audit shows an overcharge greater than five percent (5%), Landlord shall reimburse reasonable audit costs up to $5,000.

3.8 Management Fee. NNN Charges include a Landlord management fee equal to three percent (3%) of Base Rent.

ARTICLE 4. UTILITIES AND SUSTAINABILITY

4.1 Direct Service. All utilities are direct-billed to Tenant under Section 3.3. Tenant is solely responsible for capacity, upgrades, and any impact or hookup fees required for its operations.

4.2 Benchmarking. Tenant shall, within fifteen (15) days after request, provide Landlord with energy, water, waste, and space-use data reasonably required for ENERGY STAR, legal compliance, sustainability reporting, or lender reporting. Tenant authorizes Landlord to obtain such information directly from utility providers.

4.3 Interruption. No interruption of utility service caused by a utility provider, governmental action, or any other cause not within Landlord's reasonable control shall constitute eviction, constructive eviction, or relieve

Tenant of payment. If an interruption caused by Landlord's negligence continues for more than five (5) consecutive business days and materially prevents Tenant from operating in the affected portion of the Premises, Tenant shall be entitled to a proportionate Base Rent abatement for actual loss of use as Tenant's sole remedy.

ARTICLE 5. USE; YARD; SIGNAGE

5.1 Permitted Use. Tenant shall use the Premises only for the Permitted Use. Tenant shall comply with all Laws, zoning, certificates of occupancy, licenses, permits, insurance requirements, and recorded restrictions, and with the Clearfield City truck-route ordinance referenced in Exhibit A-1.

5.2 Operational Restrictions. Tenant shall not (a) violate Laws or the Building's certificate of occupancy; (b) overload floors (live load capacity is 250 pounds per square foot for the manufacturing/warehouse floor and 75 pounds per square foot for the office mezzanine), the electrical system, or the truck court; (c) create noxious odors, vibration, or noise audible at the property line; (d) invalidate the Building's insurance; (e) conduct industrial activities outside of the Building except as expressly permitted in Exhibit J; or (f) operate after 10:00 p.m. on Sundays without Landlord's consent.

5.3 Yard / Outside Storage. Tenant's use of the fenced yard for outside storage and trailer parking is permitted only as described in, and subject to, Exhibit J. Tenant shall not store materials, pallets, equipment, vehicles, or containers outside the fenced yard.

5.4 Truck Access. All truck traffic to and from the Premises shall use the access route depicted on Exhibit A-1 (I-15 → Antelope Drive (Exit 332) → South Depot Crossing). Use of 1000 West and residential streets is prohibited. Truck entry to the Premises is the north driveway only; auto entry is the south driveway only. Idling longer than five (5) minutes is prohibited in accordance with Utah air-quality regulations.

5.5 Signage. Tenant may install one (1) Building-mounted sign and one (1) monument sign at locations and in dimensions reasonably approved by Landlord and permitted by Clearfield City. Tenant shall obtain all permits at its expense. Tenant shall remove all signage on or before the Expiration Date and repair any related damage.

5.6 Security. Landlord is not obligated to provide security services. Tenant is responsible for cameras, access-control, alarm monitoring, and any guard services for the Premises. Any modifications to the fence, gate, or guard shack require Landlord's prior written consent, not to be unreasonably withheld.

ARTICLE 6. CONDITION AND DELIVERY

6.1 Delivery. Landlord shall deliver the Premises with the Landlord Work described in Exhibit G (Landlord Work Letter) substantially complete on or before the Commencement Date. Except for the Landlord Work, Tenant accepts the Premises in their "AS IS, WHERE IS" condition.

6.2 Tenant Improvements. Tenant shall be responsible for any additional improvements or installations required for its operations (including racking, additional power runs, compressed air, dust collection, dyeing/coating booths, fire-suppression upgrades, and battery-testing areas), all of which are subject to Article 13.

6.3 Early Access. Beginning October 12, 2026, Tenant may enter the Premises solely to perform Tenant's installation work, provided Tenant (a) delivers the certificates of insurance required by Article 11; (b) coordinates with Landlord and its contractor; (c) does not commence business operations; and (d) does not interfere with the Landlord Work. Early access shall not advance the Commencement Date.

6.4 Confirmation of Commencement Date. Within ten (10) days after Landlord's delivery, the parties shall execute a confirmation of Commencement Date in a form substantially similar to Section 6 of Exhibit G.

ARTICLE 7. SUBORDINATION; SNDA; ESTOPPEL

7.1 Subordination. This Lease is subject and subordinate to all mortgages, deeds of trust, and ground leases now or hereafter affecting the Property, provided that Tenant's subordination to any future superior interest is conditioned on Tenant receiving a commercially reasonable subordination, non-disturbance, and attornment agreement from the holder.

7.2 Estoppel. Tenant shall, within ten (10) business days after request, deliver an estoppel certificate stating matters reasonably requested by Landlord, including lease status, Term, Rent, defaults, deposits, and amendments.

ARTICLE 8. ASSIGNMENT AND SUBLETTING

8.1 Consent. Tenant shall not assign this Lease, sublet all or any part of the Premises, mortgage or pledge its leasehold interest, or permit any transfer by operation of law, merger, change of control, or sale of substantially all assets, without Landlord's prior written consent, not to be unreasonably withheld, except for Permitted Transfers under Section 8.4.

8.2 Review Criteria; Recapture. In determining whether to consent, Landlord may consider the transferee's business reputation, operating experience, intended use (including environmental and truck-traffic impact), financial condition, and any lender requirements. If Tenant requests consent to assign this Lease or sublet more than fifty percent (50%) of the Premises, Landlord may instead elect to terminate this Lease as to the affected space on the proposed effective date; Tenant may rescind the request within ten (10) business days after Landlord's recapture notice.

8.3 Excess Consideration. After deducting reasonable and customary transfer costs, fifty percent (50%) of any consideration received by Tenant from a transfer in excess of amounts payable by Tenant under this Lease shall be paid to Landlord.

8.4 Permitted Transfers. Tenant may assign this Lease or sublet the Premises to an Affiliate, or to a surviving entity in a merger or sale of substantially all assets, without Landlord's consent, upon at least fifteen (15) days' prior written notice, provided (a) the transferee assumes all obligations in writing; (b) the use remains consistent with the Permitted Use; (c) the original Tenant remains fully liable; and (d) the transferee's tangible net worth is not less than the greater of (i) Tenant's tangible net worth as of the Effective Date or (ii) $5,000,000.

8.5 No Release. No transfer shall release Tenant from liability unless Landlord expressly agrees in writing.

ARTICLE 9. ENVIRONMENTAL AND HAZARDOUS MATERIALS

9.1 Restriction. Tenant shall not generate, store, use, treat, transport, release, or dispose of Hazardous Materials at the Property except for (a) de minimis office and cleaning supplies and (b) the materials and quantities specifically disclosed in Exhibit K (Environmental Disclosure Schedule), and only in compliance with Environmental Laws, fire code, the manufacturers' instructions, and Tenant's insurance program.

9.2 Compliance; Permits; Reporting. Tenant shall obtain and maintain all permits required for its operations, including (as applicable) hazardous waste generator status, SARA Title III Tier II reports, UPDES industrial stormwater permits, and air-quality permits. Tenant shall deliver copies of permits, monitoring reports, regulatory correspondence, and any notice of violation to Landlord within ten (10) business days of receipt or filing.

9.3 Notice; Releases. Tenant shall notify Landlord by telephone within four (4) hours, and in writing within two (2) business days, of any release, spill, regulatory inspection, citation, or notice of violation involving the Premises or Tenant's operations.

9.4 Remediation. Tenant shall, at its sole cost, investigate, clean up, remediate, and restore any release of Hazardous Materials caused, contributed to, or exacerbated by Tenant or any Tenant party, subject to Landlord's reasonable approval of the remediation plan (except in emergencies). Tenant is not responsible for pre-existing contamination not exacerbated by Tenant; Landlord represents that, to its actual knowledge, there is no known pre-existing contamination as of the Effective Date.

9.5 Surrender / Closure. At least one hundred eighty (180) days before the Expiration Date, Tenant shall deliver to Landlord an environmental closure plan describing the removal, decontamination, and reporting steps Tenant will complete before surrender. Tenant shall execute that plan at its cost and deliver closure documentation as a condition to surrender.

9.6 Pollution Insurance. [Reserved.]

ARTICLE 10. LANDLORD INSURANCE

Landlord shall maintain commercial property insurance for the Building (special form, replacement cost), commercial general liability insurance, rental value or business income insurance, and such other insurance as Landlord or its lender deems appropriate. The cost of Landlord Insurance, including premiums and commercially reasonable deductibles, is reimbursable by Tenant as Additional Rent under Article 3. Landlord's property insurance does not cover Tenant's personal property, inventory, finished goods, work-in-process, trade fixtures, or alterations.

Each party shall cause its property insurers to endorse the applicable policies to provide a waiver of subrogation consistent with this Article 12.

ARTICLE 13. ALTERATIONS

13.1 Consent. Tenant shall not make alterations, additions, or improvements to the Premises without Landlord's prior written consent, not to be unreasonably withheld for interior non-structural alterations that do not affect the roof, structure, slab, utility capacity, fire-suppression system, or environmental compliance. Tenant shall submit plans, permits, contractor insurance certificates, and lien waivers, and shall deliver as-built drawings within thirty (30) days after completion.

13.2 Escalated Alterations. Roof penetrations, slab cuts or coring, sprinkler reconfiguration, hazardous-materials storage rooms, battery-test enclosures, dyeing/coating booths, and mezzanines require Landlord's heightened review and may be conditioned on bonding, additional insurance, and specific restoration obligations.

13.3 Minor Alterations. ARTICLE 19. CASUALTY

Tenant shall promptly notify Landlord of any casualty. If restoration cannot reasonably be completed within two hundred seventy (270) days, either party may terminate on thirty (30) days' notice. Otherwise, Landlord shall restore the Building shell (excluding Tenant's personal property, alterations, and trade fixtures), and Tenant shall restore the interior and Tenant property. APPENDIX 1

Deal Summary and Drafting Notes

Description.

This Lease is a seven-year, single-tenant, triple-net industrial/flex lease for the entire 32,400 RSF Building at 870 South Depot Crossing, Clearfield, Utah. The Tenant, Switchback Outfitters Manufacturing, LLC, is a Delaware LLC authorized to do business in Utah that manufactures and warehouses outdoor recreation equipment, with light hazardous-materials operations (adhesives, coatings, dyes, small lithium-ion battery testing, and forklift propane). The transaction includes modest Landlord Work, a $5/SF tenant improvement allowance, three months of free Base Rent, 2.75% annual escalations, an LC with burn-down, robust environmental controls, controlled outside storage in a fenced yard, and one five-year renewal at Fair Market Rent.

Archetype.

Whole-building / single-tenant industrial lease with modest landlord work, a defined environmental module, an outside-storage exhibit, and a truck-routing exhibit consistent with Clearfield City's designated truck routes. The structure is closer to AIR CRE NNN than the multi-tenant office form.

Key Drafting Notes.

- Triple-net structure: Tenant pays taxes, insurance (as reimbursement), utilities (direct), and exterior maintenance. Landlord retains only structural / roof obligations.
- Three months of free Base Rent; all other charges continue during the Abatement Period.
- Letter of credit with two-step burn-down tied to no-default and tangible-net-worth tests.
- Environmental module is operationally specific: closure plan, pollution insurance, four-hour spill notice, surrender certification, and a full disclosure schedule.
- Truck routing is enforced by a dedicated exhibit (A-1), referenced in Section 5.4 and incorporated in the Rules.
- Outside storage is permitted but tightly defined by Exhibit J.
- Renewal option is at Fair Market Rent with a baseball-arbitration backstop (three-appraiser process).

Items Intentionally Omitted.

Corporate guaranty; cash security deposit; relocation right; ROFO/ROFR; expansion option; LEED/sustainability addendum (Tenant's sustainability reporting is handled via benchmarking and the environmental exhibits); co-occupant rights; SNDA form (the SNDA is required at the time any future lender requests subordination under Section 7.1, but no template is pre-agreed).
