ARTICLE 2. DEMISE; CONDITION; QUIET ENJOYMENT

2.1 Demise. Landlord leases the Premises (land only) to Tenant, and Tenant leases the Premises from Landlord, for the Term, subject to this Lease and the Permitted Encumbrances set forth on Exhibit B.

2.2 Condition. Tenant accepts the Premises in their "AS IS, WHERE IS" condition, having had the opportunity to conduct due diligence (including title, survey, geotechnical, environmental Phase I, traffic, and utility availability) prior to execution. Landlord makes no representations or warranties as to suitability for Tenant's intended use, except as expressly set forth in Article 9.

2.3 Quiet Enjoyment. Provided Tenant is not in uncured Default, Tenant shall have quiet and peaceful possession and enjoyment of the Premises during the Term, subject to this Lease and the Permitted Encumbrances.

2.4 No Subordination by Landlord. Landlord shall not subordinate the fee estate or this Lease to any mortgage, deed of trust, or other encumbrance placed on the fee, except to Permitted Encumbrances. Any future fee mortgage shall be expressly subordinate to this Lease (and to any Leasehold Mortgage permitted under Article 8) by its terms.

ARTICLE 3. TERM

The Term is seventy-five (75) years, commencing on the Commencement Date and expiring on the Expiration Date. No renewal or extension options are granted. The parties acknowledge that the Term has been negotiated to support Tenant's capital structure, including leasehold financing and depreciation of improvements over their useful lives.

ARTICLE 4. GROUND RENT

4.1 Payment. Tenant shall pay Annual Base Rent in equal monthly installments, in advance, on the first day of each calendar month, beginning on the Commencement Date and continuing throughout the Term, without demand, deduction, abatement, counterclaim, or setoff, except as expressly provided in Articles 11 (Casualty) and 12 (Condemnation).

4.2 Initial Rent and First Step.

Period	Annual Base Rent	Monthly Base Rent
Lease Years 1–5 (Nov 1, 2026 – Oct 31, 2031)	$385,000.00	$32,083.33
Lease Years 6–10 (Nov 1, 2031 – Oct 31, 2036)	$425,000.00	$35,416.67

4.3 Decennial Rent Resets. Beginning at the start of Lease Year 11 (November 1, 2036) and at each ten-year anniversary thereafter (each, a "Reset Date"), the Annual Base Rent shall reset to the Fair Market Rent of the Premises (land only, unimproved, but with the entitlements and access then in place) as of the Reset Date, subject to the Cap and Floor in Section 4.4.

4.4 Cap and Floor. At each Reset Date, the new Annual Base Rent shall not be less than the Annual Base Rent in effect immediately prior to the Reset Date (the "Floor"), and shall not exceed (a) the Annual Base Rent in effect immediately prior to the Reset Date, compounded at three percent (3%) per annum for the ten-year period since the prior Reset Date (the "Cap"). If the Cap and Floor would result in an inconsistent outcome with Fair Market Rent, the Cap governs.

4.5 FMR Procedure. Not earlier than twelve (12) months and not later than nine (9) months prior to a Reset Date, either party may initiate a Fair Market Rent determination by written notice. The parties shall negotiate in good faith for sixty (60) days. Failing agreement, each party shall select a qualified MAI appraiser experienced in Utah ground leases and self-storage land valuation, and the two appraisers shall jointly select a third within thirty (30) days. The Fair Market Rent shall be the average of the two closest of the three appraisals, delivered within ninety (90) days. Each party shall bear the cost of its own appraiser; the third appraiser's cost shall be shared equally. If a Reset Date passes before Fair Market Rent is determined, Tenant shall continue to pay the prior Annual Base Rent and, upon determination, shall pay (or receive a credit for) the difference back to the Reset Date.

4.6 Method of Payment; Late Charge; Interest. Rent shall be paid by ACH. Rent not paid within five (5) days after due bears a five percent (5%) late charge; Rent not paid within thirty (30) days bears interest at the lesser of ten percent (10%) per annum or the maximum lawful rate.

4.7 Additional Rent. All sums payable by Tenant under this Lease other than Annual Base Rent (including taxes, utilities, insurance reimbursements, indemnity obligations, and amounts cured by Landlord at Tenant's expense) constitute Additional Rent.

4.8 Net Lease. This Lease is "absolutely net" to Landlord. Except as expressly set forth herein, all costs, expenses, and obligations of every kind relating to the Premises or the Improvements during the Term are the responsibility of Tenant.

ARTICLE 5. CONSTRUCTION OF IMPROVEMENTS

5.1 Tenant's Obligation to Construct. Tenant shall, at its sole cost, design, permit, finance, construct, equip, and complete the Phase I Improvements substantially in accordance with the site plan and outline specifications attached as Exhibit A-1 and the construction obligations and milestones in Exhibit G, with substantial completion not later than the Construction Outside Date.

5.2 Pre-Approved Plans; Subsequent Approvals. The Phase I site plan and outline specifications described in Exhibit A-1 and Exhibit G are pre-approved by Landlord. Material changes to the building footprint, height, frontage treatment, signage placement, or use of the outdoor storage areas require Landlord's prior written consent, not to be unreasonably withheld. Phase II improvements and any future expansion are also pre-approved at a conceptual level on Exhibit A-1, subject to Landlord's reasonable design review at the time of permitting.

5.3 Permits; Cooperation. Tenant shall obtain all permits required for design, construction, and operation, including any conditional-use permits, site-plan approvals, traffic mitigation, and stormwater permits required by Saratoga Springs and Utah County. Landlord shall reasonably cooperate, without cost or liability to Landlord, by executing applications and consents as fee owner where required.

5.4 Construction Standards. Tenant shall construct the Improvements (a) using licensed and insured contractors; (b) in accordance with all applicable Laws, the International Building Code as adopted by Utah, and NFPA standards; (c) in a good and workmanlike manner; (d) in compliance with the insurance program in Exhibit C, including builder's risk insurance during construction; (e) with payment and performance bonds in form and amount required by Exhibit G; and (f) with adherence to mechanics' lien and prevailing-wage requirements as applicable.

5.5 Construction Insurance and Indemnity. Tenant shall maintain the construction-phase insurance described in Exhibit C, including builder's risk on a completed-value basis and contractor's pollution liability. Tenant shall defend and indemnify Landlord from claims arising out of or relating to the construction of the Improvements (excluding losses caused solely by Landlord's gross negligence or willful misconduct).

5.6 Progress Reporting; Inspection. Tenant shall deliver monthly construction reports to Landlord during construction and shall provide Landlord and its consultants reasonable access to inspect the work, subject to safety requirements. Inspection shall not be deemed Landlord's approval of the work or relieve Tenant of any obligation.

5.7 Mechanics' Liens; Notice of Non-Responsibility. Tenant shall keep the Premises and the fee free of any mechanics', materialmen's, or similar liens arising out of Tenant's work, and shall cause any such lien to be released or bonded within thirty (30) days under Utah Code §38-1a et seq. Landlord may post and maintain on the Premises notices of non-responsibility as permitted by Utah law. Tenant's failure to release or bond a lien within the cure period is an Event of Default.

5.8 Substantial Completion; Certificate of Occupancy. "Substantial Completion" of Phase I occurs upon (a) issuance of a Certificate of Occupancy or its functional equivalent for the Phase I building, and (b) operational readiness for customer occupancy (including the leasing office, climate control, fire-suppression, and access systems). Tenant shall deliver to Landlord copies of the Certificate of Occupancy and customary closeout documentation (as-built drawings, equipment manuals, warranties, lien waivers).

5.9 Failure to Achieve Substantial Completion. If Tenant fails to achieve Substantial Completion of Phase I by the Construction Outside Date (as extended for Force Majeure and Permit Delay per Exhibit G), Landlord may exercise the remedies set forth in Exhibit G, including milestone-default damages, Tenant's pledge to bond around any delay, and, after a further cure period, termination as an Event of Default under Article 14.

5.10 No Disturbance During Construction. Construction activities shall be limited to hours permitted by Saratoga Springs ordinance and shall not unreasonably interfere with adjacent owners.

ARTICLE 6. USE AND OPERATIONS

6.1 Permitted Use; Compliance. Tenant shall use the Premises only for the Permitted Use. Tenant shall comply with all Laws, zoning, certificates of occupancy, licenses, permits, fire code (including NFPA 13 for sprinklered self-storage), Saratoga Springs ordinances, recorded restrictions, and the standards in Exhibit J for outdoor storage.

6.2 Customer Subleases. Tenant's rental of individual self-storage units, outdoor stalls, and ancillary space to its customers under customary self-storage rental agreements does not constitute a sublease for purposes of Article 13 and does not require Landlord's consent, provided that each customer agreement (a) is on a month-to-month or short-term basis, (b) is in a form consistent with industry practice, and (c) acknowledges that the customer's rights are subject and subordinate to this Lease.

6.3 Operating Standard. Tenant shall operate the facility in accordance with customary self-storage industry standards, including security (cameras, gates, lighting), pest control, cleanliness of the leasing office and common areas, and prompt response to customer service issues.

6.4 Outdoor Storage Operations. Outdoor RV, boat, automobile, and trailer storage shall comply with Exhibit J, including fencing, lighting, surface treatments, restrictions on hazardous-materials storage in vehicles, recreational-vehicle-only stalls, and Saratoga Springs site-plan conditions.

6.5 Hours of Operation. Customer access shall be permitted at the hours set forth in Exhibit J, consistent with Saratoga Springs city ordinances; the leasing office shall be staffed during business hours customary in the self-storage industry.

6.6 Prohibited Uses. No use of the Premises for residential occupancy (customer use of units shall be limited to storage and shall expressly prohibit habitation); no manufacturing; no auto repair or service (other than emergency repairs of customer vehicles by their owners); no Hazardous Materials in customer units beyond customary household items; no on-site processing of waste or recyclables; and no adult entertainment, cannabis retail, or gambling.

ARTICLE 7. TAXES, UTILITIES, AND INSURANCE

7.1 Real Property Taxes. Tenant shall pay, directly to the taxing authority before delinquency, all real property taxes and assessments levied against the Premises and the Improvements throughout the Term. To the extent the taxing authority assesses the fee and the leasehold separately, Tenant shall pay both. Tenant shall provide Landlord with paid receipts within thirty (30) days. Tenant may, at its own expense, contest taxes in good faith with Landlord's reasonable cooperation.

7.2 Personal Property and Other Taxes. Tenant shall pay all personal property taxes on Tenant's and Tenant's customers' personal property, sales/use/occupancy taxes on Tenant's rentals to customers, business license fees, and other taxes attributable to Tenant's operations.

7.3 Utilities. Tenant shall arrange for, and pay directly to the utility providers, all utilities serving the Premises (electric, gas, water, sewer, stormwater, fire-service water, trash, telecommunications, security monitoring).

7.4 Insurance. Tenant shall maintain throughout the Term the insurance set forth in Exhibit C. Landlord and its lender (if any) shall be named as additional insureds on the CGL, Auto, and Umbrella policies on a primary and noncontributory basis.

7.5 Mutual Waiver of Subrogation. Landlord and Tenant waive claims against each other for losses to the extent covered, or required to be covered, by the property insurance policies maintained or required under this Lease.

ARTICLE 8. LEASEHOLD MORTGAGE; LENDER PROTECTIONS

8.1 Right to Encumber. Tenant may, without Landlord's consent but with prior written notice to Landlord, encumber Tenant's leasehold estate (but not the fee) with one or more Leasehold Mortgages from a Qualifying Lender to secure financing of Tenant's construction and operation of the Improvements. The fee shall remain unencumbered by any Leasehold Mortgage; this Lease shall not be subordinated to any Leasehold Mortgage.

8.2 Qualifying Lender. A "Qualifying Lender" means (a) a federally insured commercial bank, savings institution, insurance company, pension fund, or investment fund of recognized standing; (b) a real estate investment trust; or (c) an entity reasonably approved by Landlord. SBA-program lenders and CMBS conduit originators are deemed Qualifying Lenders.

8.3 Notice to Lender; Cure Period. Provided that Tenant or the Leasehold Mortgagee has delivered to Landlord written notice of the Leasehold Mortgage (with the mortgagee's notice address), Landlord shall not exercise any right to terminate this Lease or Tenant's right of possession by reason of an Event of Default unless Landlord has first delivered a copy of any notice of default to the Leasehold Mortgagee and the Leasehold Mortgagee has failed to cure the Default within: (a) for monetary defaults, thirty (30) days beyond the cure period otherwise applicable to Tenant; and (b) for non-monetary defaults, ninety (90) days beyond the cure period otherwise applicable to Tenant, except that, if such non-monetary cure reasonably requires possession (e.g., to commence and complete construction), the Leasehold Mortgagee shall have such additional time as is reasonably necessary, provided the Leasehold Mortgagee diligently pursues a foreclosure or other action to take possession and, upon obtaining possession, diligently pursues cure.

8.4 New Lease. If this Lease is terminated due to an Event of Default by Tenant, or due to a bankruptcy rejection, Landlord shall, on written request of the most senior Leasehold Mortgagee delivered within sixty (60) days after such termination or rejection, enter into a new lease with the Leasehold Mortgagee or its designee on the same terms as this Lease (except this Section 8.4) for the remainder of the Term, provided the Leasehold Mortgagee (a) pays all amounts then due under this Lease and all reasonable expenses incurred by Landlord, and (b) agrees to cure all then-existing non-monetary defaults reasonably susceptible of cure.

8.5 No Amendment Without Lender Consent. After Landlord receives notice of a Leasehold Mortgage, Landlord and Tenant shall not amend, modify, surrender, or terminate this Lease without the prior written consent of the most senior Leasehold Mortgagee, which consent shall not be unreasonably withheld.

8.6 Recognition Agreement. At the Leasehold Mortgagee's request, Landlord shall execute and deliver a Leasehold Mortgagee Recognition Agreement substantially in the form of Exhibit E, with such commercially reasonable modifications as the Leasehold Mortgagee may require.

8.7 Insurance and Casualty Proceeds. Casualty insurance proceeds and condemnation awards relating to the Improvements shall be applied as provided in Articles 11 and 12, subject to the Leasehold Mortgagee's rights under the Leasehold Mortgage. The parties shall reasonably cooperate to comply with the Leasehold Mortgagee's deposit, holdback, and disbursement requirements.

8.8 No Merger. No merger of the leasehold and fee estates shall occur by reason of acquisition by one person of both estates, except by an express written instrument joined in by all Leasehold Mortgagees of record.

8.9 Assignment by Foreclosure. A foreclosure of a Leasehold Mortgage (or assignment in lieu thereof) and any subsequent transfer of the leasehold to a third party meeting Article 13 transferee criteria shall not require Landlord's consent.

ARTICLE 9. ENVIRONMENTAL MATTERS

9.1 Landlord's Representation. Landlord represents that, to its actual knowledge as of the Effective Date, and based on the Phase I environmental site assessment delivered to Tenant during due diligence (a copy of which is incorporated by reference), there is no known release or material presence of Hazardous Materials on the Premises that would require remediation under Environmental Laws.

9.2 Tenant's Obligations. Tenant shall comply with all Environmental Laws applicable to its construction and operations and shall not generate, store, use, treat, transport, release, or dispose of Hazardous Materials at the Premises, except (a) de minimis office and cleaning supplies; (b) customary lubricants, paint, and small quantities of fuel necessary for facility maintenance and stored in code-compliant containers; and (c) such items as may be brought onto the Premises by self-storage customers in their individual units, subject to customary self-storage rental agreement restrictions (no flammable liquids, no explosives, no biological/medical waste, no hazardous waste). Tenant shall include such restrictions in its customer rental agreements.

9.3 Notice; Remediation. Tenant shall promptly notify Landlord of any spill, release, regulatory inspection, or notice of violation. Tenant shall, at its sole cost, investigate, clean up, remediate, and restore any release caused, contributed to, or exacerbated by Tenant, its contractors, employees, or customers. Tenant is not responsible for any pre-existing contamination that exists as of the Commencement Date and that was not caused or exacerbated by Tenant or by Tenant's construction activities.

9.4 Survival. The environmental obligations of the parties survive the expiration or earlier termination of this Lease.

ARTICLE 10. MAINTENANCE AND REPAIR

10.1 Tenant's Obligation. Tenant shall, at its sole cost, maintain the Premises and all Improvements (now or hereafter situated thereon) in good condition and repair, including the building structure, roof, exterior, foundation, slab, HVAC, plumbing, electrical, fire-suppression and security systems, paving, fencing, signage, landscaping, irrigation, lighting, stormwater, snow and ice removal, and all customer-occupied units and outdoor storage areas.

10.2 No Waste; Compliance with Laws. Tenant shall commit no waste and shall comply with all Laws applicable to the Premises and Improvements during the Term, including any required ADA upgrades, fire-code retrofits, and stormwater compliance enacted after the Effective Date.

10.3 Capital Replacements. Capital replacements of building components (e.g., roof membrane, paving, HVAC, fire-suppression system) at the end of their useful lives are Tenant's responsibility and shall be performed before the components fail. Tenant shall maintain a reasonable reserve for capital replacements consistent with industry practice.

ARTICLE 11. CASUALTY

11.1 Tenant's Obligation to Restore. If the Improvements are damaged or destroyed by casualty, Tenant shall, at its sole cost (subject to the Leasehold Mortgagee's rights and insurance proceeds disbursement requirements), promptly commence and diligently complete restoration of the Improvements to substantially the condition prior to the casualty, or to a different but substantially equivalent design approved by Landlord (not to be unreasonably withheld).

11.2 No Termination; No Rent Abatement. Casualty shall not entitle Tenant to terminate this Lease or to abatement of Rent, except as set forth in Section 11.3. The parties acknowledge that this Lease is "absolutely net" and that ground rent continues during restoration; Tenant's business income insurance is intended to address Tenant's loss during restoration.

11.3 End-of-Term Casualty. If a casualty occurs during the last ten (10) years of the Term and Tenant reasonably determines that restoration is not economically feasible, Tenant may, with the consent of the most senior Leasehold Mortgagee, terminate this Lease on one hundred eighty (180) days' notice, in which case (a) Tenant shall remove the damaged Improvements at Tenant's cost (or, at Landlord's election, leave them in place subject to a reasonable demolition allowance from Tenant), and (b) all insurance proceeds for the Improvements shall be paid to the Leasehold Mortgagee and Tenant (with the Leasehold Mortgagee's rights paid first); Landlord shall be entitled to insurance proceeds, if any, allocated to the residual reversion value, as determined by appraisal.

ARTICLE 12. CONDEMNATION

12.1 Total Taking. If all or substantially all of the Premises is taken by eminent domain or deed in lieu of condemnation, this Lease terminates as of the date title vests in the condemnor.

12.2 Partial Taking. If a partial taking renders the remainder of the Premises unsuitable for Tenant's use, as determined by Tenant in good faith with Leasehold Mortgagee consent, Tenant may terminate on sixty (60) days' notice. Otherwise, this Lease continues with respect to the remainder, Tenant shall restore the Improvements to a configuration appropriate to the remainder, and Annual Base Rent shall be equitably adjusted based on the relative land value taken.

12.3 Allocation of Award. The condemnation award shall be allocated between Landlord and Tenant based on each party's respective interests: (a) Landlord receives the value of the fee taken (giving effect to the encumbrance of this Lease and the obligation to pay ground rent for the remainder of the Term); and (b) Tenant receives the value of its leasehold interest, including the value of the Improvements taken, any leasehold bonus value, and an amount equal to the unamortized portion of Tenant's investment in the Improvements. To the extent permitted by law, Tenant may pursue a separate award for moving costs, trade fixtures, business damages, and the Leasehold Mortgagee's claim, without reducing Landlord's award.

ARTICLE 13. ASSIGNMENT AND TRANSFER

13.1 Right to Transfer. Following Substantial Completion of the Phase I Improvements, Tenant may assign this Lease, in whole, to a transferee that (a) is a single-purpose entity formed to own and operate self-storage facilities, or a self-storage operator/owner with reasonable experience and financial capacity; (b) assumes all obligations under this Lease in writing; and (c) (together with any guarantor) has a tangible net worth not less than $20,000,000. Such a transfer does not require Landlord's consent but does require Landlord's acknowledgment of compliance with this Section 13.1, not to be unreasonably withheld.

13.2 Other Transfers. Transfers that do not meet Section 13.1 require Landlord's prior written consent, not to be unreasonably withheld.

13.3 Sub-Subleases / Operator Agreements. Tenant may engage operators or property managers to manage the facility without Landlord's consent. Customer rental agreements are governed by Section 6.2.

13.4 No Excess Consideration Sharing. No excess consideration is shared with Landlord on transfers under this Article 13. The parties acknowledge that this Lease is a long-term ground lease and that the residual reversion value to Landlord (the Improvements at the Expiration Date) is the primary economic benefit beyond ground rent.

13.5 Effect of Transfer. Upon a transfer in compliance with this Article 13 in which the original Tenant transfers its entire interest, the original Tenant is released from obligations accruing after the transfer, provided the transferee assumes all obligations. The Leasehold Mortgagee's rights are preserved.

ARTICLE 14. EVENTS OF DEFAULT; REMEDIES

14.1 Events of Default. Each of the following is an Event of Default: (a) failure to pay Annual Base Rent or other Rent within fifteen (15) days after written notice that the same is past due; (b) failure to maintain required insurance; (c) failure to commence construction within the milestone in Exhibit G or to achieve Substantial

Completion by the Construction Outside Date as extended; (d) failure to maintain or restore the Improvements as required by Article 10 or Article 11; (e) imposition of liens not released or bonded within thirty (30) days after notice; (f) abandonment for more than ninety (90) consecutive days following Substantial Completion; (g) material misrepresentation; (h) insolvency, assignment for the benefit of creditors, or bankruptcy not dismissed within ninety (90) days; (i) an unauthorized transfer in violation of Article 13; and (j) failure to perform any other material covenant within sixty (60) days after written notice (subject to extension for matters that cannot reasonably be cured within that period if Tenant diligently pursues cure).

14.2 Remedies. Subject in all cases to the cure rights of the Leasehold Mortgagee under Article 8, upon an Event of Default Landlord may (a) terminate this Lease, (b) terminate Tenant's right of possession without terminating this Lease, (c) cure the Default at Tenant's expense, (d) recover all unpaid Rent and damages, and (e) seek injunctive relief. Landlord shall use commercially reasonable efforts to mitigate as required by Utah law.

14.3 Cumulative; No Waiver. Remedies are cumulative and not exclusive.

14.4 Attorneys' Fees. Prevailing party recovers reasonable attorneys' fees and costs.

ARTICLE 15. SURRENDER AND REVERSION

15.1 Reversion of Improvements. Upon the Expiration Date or earlier termination, all Improvements then situated on the Premises (excluding Tenant's removable personal property and any items Landlord requires Tenant to remove under Section 15.2) automatically revert to and become the property of Landlord, free and clear of any Leasehold Mortgage and free and clear of customer rental agreements, all of which terminate automatically as to the Improvements upon reversion.

15.2 Surrender Condition. Tenant shall surrender the Premises and Improvements in reasonably good condition, in compliance with Laws, with all major building systems operational (or with reasonable remaining useful life consistent with prudent management throughout the Term). Tenant shall (a) deliver as-built drawings, warranty assignments, and equipment manuals; (b) remove personal property, signage, and customer goods; (c) deliver vacant possession with customer rental agreements terminated; (d) deliver an environmental closure letter from a qualified consultant confirming compliance with Article 9; (e) discharge all liens on the Improvements; and (f) deliver keys, access codes, and operating credentials.

15.3 End-of-Term Condition Inspection. Beginning twenty-four (24) months prior to the Expiration Date, Landlord and Tenant shall jointly inspect the Improvements at six-month intervals to confirm condition. Any reasonable deferred maintenance items identified shall be addressed by Tenant on a schedule mutually agreed.

15.4 No Holdover. Tenant shall not remain in possession after the Expiration Date. Any holdover shall be subject to holdover rent at one hundred fifty percent (150%) of the most-recent Annual Base Rent for the first ninety (90) days and two hundred percent (200%) thereafter, plus all damages and costs incurred by Landlord.

ARTICLE 16. INDEMNIFICATION; LIMITATION OF LIABILITY

16.1 Tenant Indemnity. Tenant shall indemnify, defend, and hold harmless Landlord and its affiliates, members, managers, officers, employees, and agents from losses arising out of (a) Tenant's Default; (b) the negligence or willful misconduct of Tenant or any Tenant party; (c) Tenant's construction, ownership, use, occupancy, or operations at the Premises (including outdoor storage); (d) any Hazardous Materials caused by Tenant; and (e) any violation of Laws by Tenant or any Tenant party.

16.2 Landlord Indemnity. Landlord shall indemnify Tenant from losses directly caused by Landlord's gross negligence or willful misconduct, subject to Section 16.3.

16.3 Limitation. Tenant shall look solely to Landlord's interest in the Premises for recovery. No member, manager, officer, employee, or agent of Landlord has personal liability under this Lease.

ARTICLE 17. FORCE MAJEURE

Except for payment of Rent, maintenance of insurance, surrender obligations, environmental obligations, and exercise of option/notice deadlines (other than the Construction Outside Date, which is extended for Force Majeure and Permit Delay as provided in Exhibit G), performance is extended for delays caused by events beyond reasonable control.

ARTICLE 18. ESTOPPEL; LIMITED SUBORDINATION

18.1 Estoppel. Each party shall deliver an estoppel certificate within ten (10) business days after request, in the form of Exhibit H (Form of Estoppel).

18.2 No Subordination by Landlord. Per Section 2.4, Landlord shall not subordinate the fee or this Lease to any fee-side mortgage. Any future fee mortgagee shall acknowledge in writing that this Lease and any Leasehold Mortgage are senior to its lien.

ARTICLE 19. MISCELLANEOUS

19.1 Governing Law; Venue. Utah law governs. Venue is exclusively in the state and federal courts in Salt Lake County, Utah, except that disputes concerning rent resets shall be determined by appraisal procedures as set forth in Section 4.5.

19.2 Notices. In writing, by personal delivery, certified mail (return receipt requested), or overnight courier, to the Article 1 addresses.

19.3 Entire Agreement; Amendment. This Lease (including Exhibits) is the entire agreement; amendments require a writing signed by both parties (and the Leasehold Mortgagee under Section 8.5, where applicable).

19.4 Authority. Each signatory is authorized to bind its party.

19.5 Counterparts; Electronic Signatures. Permitted.

19.6 Severability. Unenforceable provisions are severable.

19.9 OFAC. Each party is not on any U.S. government prohibited-party list.

19.10 Survival. Indemnity, environmental, surrender, holdover, attorneys' fees, and reversion obligations survive expiration or termination.

19.11 Memorandum; Recording. Concurrently with execution, the parties shall execute a Memorandum of Lease in the form of Exhibit F, which Tenant may record at its cost. Recording is appropriate for a Lease of this term.

19.12 No Partnership. Nothing in this Lease creates a partnership, joint venture, or principal-agent relationship between Landlord and Tenant.

19.13 No Real Estate Disclosure as Sale. This Lease shall not be construed as a sale or grant of any portion of the fee.

19.14 Financial Statements. Tenant shall deliver reviewed or audited annual financial statements within one hundred fifty (150) days after fiscal year end (subject to confidentiality).

APPENDIX 1

Deal Summary and Drafting Notes

Description.

A 75-year ground lease of approximately 5.2 acres in Saratoga Springs, Utah, on which Tenant — a Utah self-storage operator — will design, finance, construct, own, and operate a three-story climate-controlled self-storage facility (~85,000 NSF, ~750 units) and ~150-stall outdoor RV/boat/auto storage area. Tenant assumes all costs of ownership and operation under an "absolutely net" lease; ground rent steps once at year 6 and resets every 10 years thereafter to Fair Market Rent within a 3%-compound cap and a no-decrease floor. Tenant may encumber its leasehold with a Leasehold Mortgage on customary lender-protective terms (cure rights, new-lease right, no amendment without lender consent, no merger), and the fee shall remain unencumbered. At expiration, the Improvements revert to Landlord.

Archetype.

Long-term ground lease / build-to-suit. The document is structurally different from operating leases: light on operating provisions, heavy on construction, leasehold financing, rent reset mechanics, casualty/condemnation allocation, and reversion of improvements.

Key Drafting Notes.

- 75-year term sized to amortize Tenant's capital structure and support leasehold financing.
- Ground rent steps once at year 6 and resets every 10 years thereafter to FMR with a 3%-compound cap and no-decrease floor; baseball-arbitration backstop using three appraisers.
- Absolutely net structure: Tenant pays all taxes, utilities, insurance, maintenance, and capital replacements; no Landlord obligations during operations.
- Leasehold Mortgage protections in Article 8 are standard and bankable: notice and cure, new-lease right after termination, no amendment without lender consent, no merger of estates.
- Construction provisions (Article 5 + Exhibit G) include milestones (permit submittal, ground-break, substantial completion), bonds, builder's risk, contractor pollution liability, and milestone-default remedies subject to lender cure rights.
- Customer self-storage rental agreements are not "subleases" under Article 13 (Section 6.2) so that Tenant can operate normally.
- Reversion (Article 15): Improvements revert to Landlord at expiration; condition is "reasonably good" with major systems operational; joint condition inspections begin 24 months before expiration to avoid surprises.
- No subordination by Landlord (Section 2.4): the fee shall not be subordinated to fee debt; any future fee mortgage is junior to this Lease and to the Leasehold Mortgage.
- Memorandum of Lease (Exhibit F) is recorded — appropriate and customary for a 75-year ground lease.

Items Intentionally Omitted.

Letter of credit; cash security deposit; corporate or personal guaranty (lender financing and the long-term ground-lease structure substitute); operating-expense pass-through (absolutely net); CAM or marketing fund;

tenant improvement allowance (Tenant builds the entire facility at its own cost); SNDA in favor of Landlord's lender (Landlord shall not encumber the fee senior to this Lease); co-tenancy or exclusive use (single-tenant ground lease); relocation right.
